I was extremely impressed with the whole team. Very professional & polite. Exhausting to watch them work so hard. Every member answered questions or requests.
I would definitely recommend litemovers again.
Great crew!

Additional Comments or Concerns

The whole team did a good job. Eric was a good coordinator at the load up site. The delivery site was a bit confusing as renovation still in progress and items didn't go where they would make sense. So when another person took charge (so to speak) items were not initially put where they were marked to go.

Eric did good load up coordinating; Ed did good truck loading. All break-able items were properly protected. Rest of team kept things moving. (Don, Marty, Matt, Eric & Tim)

Ed, Charles, Marty and Sherman
were amazing. My move was a complicated job,
complicated by various drop-offs, pick-ups, elevators
and various distributions of a truckload filled
with items. These four men never stopped
working, were pleasant, kind, helpful and
professional. Thank you to them a thousand times. John
